### For Sale.

Good corner lot number 42 in Haselden Heights, will sell cheap. Apply at this office.

On Friday at the home of the bride's parents, at Preachersville, Miss Lucy Cummins and Richard Williams were united in marriage. Rev. O. P. Bush officiating. A most substantial repast was served the guests.

### Eight Additions to Baptist Church.

The meeting at the Baptist church conducted by Rev Martin will close with Friday evening's service. This meeting has been a success in every way, eight people having united with the church and each evening bringing a crowded house to listen to the good preachers.

### Good Impression.

Hon. Louis L. Walker, of Lancaster, the new appointed Circuit Judge, spent Wednesday afternoon here viewing the landscape o'er. He created a very fine impression with those who met him, and if he shows up as well on the bench as he does on the street we see no reason why Auditor James should have "hopped on" Acting-Governor Cox for appointing him.—Harruburg Herald.

### Scott.

The remains of Mrs. D. D. Scott of Jellico, Tenn., were laid to rest in the Lancaster cemetery last Saturday afternoon at three o'clock. Services were conducted at the grave by Rev. Martin. Mrs. Scott passed away at her home in Jellico last Friday morning, having been a sufferer of asthma for some time. Mrs. Scott, was Miss Lilly Arnold of this place, daughter of Mr. and Mrs. John L. Arnold, and married Mr. D. D. Scott Editor of the Sentinel at Jellico, and with him she leaves two sons Morris, ticket agent at Gatlinburg, Tenn., and Earl who is in the newspaper business at Jellico, to mourn the loss of a devoted wife and mother, she is also survived by three sisters and one brother. Mrs. Charles Norris of Williamsburg Mrs. Lester Wilson of Lu's Miss., Mrs. G. T. Faris of this place, Mr. Joe Arnold, of Richmond Ky., Deepest sympathy is expressed for the bereaved ones in their loss.

### Lancaster Hospital.

The hospital is becoming a necessity to the people of our county and is taking care of the sick as well as they could be taken care of any place. Since Miss Arnold left on Sept. 1st, Miss Sallie Lou Myers, of this county, has been nurse, however the doctors decided to have two nurses and have secured the services of Miss Phelps, of Lexington and it is claimed that both are fine nurses. Dr. Burnett went to Lexington in his automobile Monday and made arrangements for Miss Phelps to arrive here last Tuesday.

Mr. Jake Y. Robinson is sick of typhoid fever and has been at the hospital under Dr. Burnett since last Saturday. He is reported as doing nicely. It is hoped by his many friends that he will soon be well.

Miss Doolin who has been at the hospital for sometime under Dr. Burnett is very much improved and is able to sit up.

Mr. Kemp Walker who was brought to the hospital on a stretcher is now able to walk.

Mr. John Meadows, of Hyattsville, is taking treatment for rheumatism.

### Largest Sale In Years.

Quite a large crowd from here and adjoining counties attended the sale of Mr. W. H. Shanks held at his farm near Stanford, Tuesday September 6th. Thirty, one thousand pound cattle sold \$4.70 forty four 1100 pound cattle sold to Mr. A. R. Denny of this county for 35cts. Sixty mules from colts to age mules sold from 50 to \$200. Everything else sold well.

The largest sale held in Lincoln County since the Levi Hubble sale some twenty-five years ago was held by Mr. Baughman, at his farm near Stanford. The crowd was estimated from three to four thousand people including the prominent mule buyers from over the State. Col. Dunn, Auct. English and Chandler, wielded the hammer and did it well. After household goods were sold, the crowd moved to the big tent near the park to see the stock sold. The first mule led in the ring was the champion two year old mare mule which sold to Duval & Gentry of Lexington for \$350. Next in the ring was the champion three year old mule sold to Lyn Hudson of Atlanta Ga., \$300. The highest price yearling mule went to William Griffin for \$285 and highest price mule colt brought \$262.

Sampson the noted mule Jack sold to Clarence Tate for \$670.

Teams of draft mares sold from 350 to \$500 per pair.

About 70 mules were sold and brought good prices and 90 mares and geldings. These two sales were advertised well in all the news papers in several counties around Stanford and goes to show that advertising pays for it is likely that the profits on one or two mules paid the advertising and sale bills.

Get ready for the big circus on Wednesday Sept. 21. The red lemonade man will be there.

Miss Nora Frances who has been traveling Oklahoma for about a year past where she holds a good position was married on last Tuesday to Mr. Sidney Moore of Pueblo Colorado. The recent bride is a sister of Mrs. Edna Francis of this place and quite a capable and bright woman being possessed of remarkable energy.

### An Old Visitor in a new Dress.

A day of real holiday hilarity and good cheer is in store for our amusement goers with the event of the Sun Brothers Greater Progressive Shows, which are underlined to appear at Lancaster September 21st, for two complete performances, afternoon and night. The Sun Brothers' Shows need scarcely any introduction to this or any other community. For the past seventeen years this up-to-date tented enterprise has established itself as a pre-eminent entertainer of the first water. Always offering something new upon each succeeding visit and invariably conducting a clean, able and honest exhibition.

### To Enter School at Richmond.

Miss Katie Mae Dickerson, of Buckeye, leaves Monday for Richmond to enter the Normal School. She has been our correspondent at Buckeye and while we are glad to see any young person in school, still it is with regret that she is no longer to be our reporter from that section. She has always been faithful to her county paper, always reporting the news and looking out for the interests of the RECORD.

We wish her success in her school work and are sure that she will finish with high honors.

We have made arrangements with Miss Mamie Dickerson to furnish the news from that good part of our country.

### RESOLUTIONS.

### Pastors of Every Church Will Fight Against the Establishing of a Malt Head Saloon in Lancaster.

First:—In as much as a house is to be opened for the sale of malt and soft drinks in the city of Lancaster and believing from wide observation and experience elsewhere, that such places have proven destructive of the best moral welfare of the community, therefore as citizens representing members of all the churches and all others, who have the public welfare at heart, we hereby earnestly protest against the establishment of such a house in the city of Lancaster and call upon the people of our city to make known in every lawful way their strongest disapprobation.

Second:—Resolved that a copy of this protest by the united congregations of this city as assembled in the Baptist church September 5th 1910, be published in the CENTRAL RECORD of the city of Lancaster.

### Council Meeting.

The City Council met on last Monday night. On account of the absence of Mayor Logan, Mr. G. S. Greenleaf was elected Mayor Pro Tem.

The resignation of Judge L. L. Walker as City attorney was accepted when councilman Mount made a motion suggesting that an order of regret be placed on the minute book. Mr. H. Clay Kaufman was unanimously elected to fill the vacancy and many people predict that he will make a good City Attorney.

Councilman James W. Smith was not present so this only left five members present at the meeting. Mr. John M. Mount was sworn in as City assessor.

Nothing was done towards granting the Telephone Co. a franchise, however the Council will meet again Thursday night or as soon as Mayor Logan and councilman Smith are present.

The people had better not let this franchise business get the best of them for once an error is made, it can never be recalled and unless the franchise is drawn up properly and the **RATES FOR CITY AND COUNTY PHONES ARE REGULATED**, you will be paying for the error thru the years to come.

The Council decided to take the case of Gott vs. Judge E. W. Harris to the court of appeals.

The next few Council meetings will be of vital interest to every good citizen of this county and town so let us urge you to be present and understand the situations as they exist.

Annual report of the Lancaster and McKendree congregation in all statistical and fiscal is now being prepared by the Pastor, for the annual conference Harrodsburg September 20th all individual fiscal is now due and payable to Mr. Lee Hagan treasurer, Lancaster or Mr. Wilson Alexander, Hubble for McKendree congregation. Bishop John C. Kilgo, of Durham North Carolina will preside at the annual conference representing 125 pastoral and thirty thousand members.

Remember the date, September 21, Sun Bro's big circus will be in Lancaster.

### FIENDISH CRIME.

#### Happened Near Hubble, Lincoln County.

About noon Saturday September 3d, the residents of Lincoln and adjoining counties were shocked by the terrible news that a negro named Shay Palmer had attempted to assault the eleven year old daughter of Mr. Lee Rankin who resides near Hubble in Lincoln county on what is known as the Swope farm.

It seems the negro had been in the employ of Mr. Rankin for a number of years and enjoyed the confidence of the family and especially to the children to whom he had always been very kind; the child had accompanied him to a spring house some distance from the house where he had to go to attend to some duty connected with the milk and butter, upon reaching there he made his diabolical attempt and after accomplishing his purpose he told the child that he would kill her if she ever told of it. The little one made her way back to the house and her mother seeing her in tears and with torn and blood bespattered clothing, immediately knew that something was wrong; she succeeded in eliciting an account of the affair from the child.

The father was in Somerset attending the fair, and the mother realizing that any undue excitement would arouse the suspicion of the brute, quietly placed another one of the children on a horse, sending him to the home of her brother-in-law, Mr. Thos Rankin with the terrible news. Mr. Rankin came at once with another brother and such of the neighbors as could be gathered together; armed with shotguns and such weapons as they could hurriedly gather, they approached the barn and found the black brute quietly attending his duties, not dreaming that his terrible deed had been discovered. Upon seeing them he immediately without being accused or questioned, fell upon his knees and began declaring his innocence and pleading for mercy.

Had it not been for the intervention of Mr. Thomas Rankin the brute would have been summarily dealt with there and then, but Mr. Rankin deemed it best to allow the law to take its course and persuaded the angry men to go with him and assist in taking the negro to the Stanford jail. They were met on the way there by Sheriff McCarthy and deputies and together they landed the prisoner in the Stanford jail. During the afternoon the citizens of the county began coming into town and as they were in an ugly mood, county Judge Bailey fearing mob violence, ordered the prisoner taken to Lebanon for safe keeping. He was spirited out of town on the fast train without the knowledge of but a few people which doubtless saved him from being strung up by a mob.

On Sunday Mr. Thomas Rankin and other members of the Rankin family came to Lancaster accompanied by Mr. Ben V. Smith, an attorney of Somerset, an uncle of the little girl, and held a conference with Circuit Judge Lewis L. Walker in regard to a speedy trial of the brute, Judge Walker assured them that he would grant them as speedy a trial as possible.

The law provides that a special term of circuit court cannot be called except upon ten days notice, and that must be presided over by the regular judge as a special judge cannot empanel a grand jury. It further provides that a special term of court cannot be held while a regular circuit court is in session in the district. Judge Walker went to Stanford on Monday and was again in conference with the various members of the Rankin family and Mr. Smith and with Judge Bailey, County Attorney Burch and other officers of Lincoln county, and it was agreed that Judge Walker call a special term of the Lincoln Circuit Court to convene on Wednesday, Sept. 28th to try the negro. Circuit Court begins in Danville next Monday which precludes the possibility of calling a special term in Lincoln immediately and Judge Walker will adjourn his Danville court to hold the special term in order to comply with the law.

The negro has been ordered removed from the Lebanon jail to Louisville for safe keeping.

The Lincoln county authorities will appoint counsel for him who will waive an examining trial and he will not be returned to Stanford until he is brought there for trial on the 28th instant.

Mr. Lee Rankin the father of the child is a member of the well known Rankin family who moved here from Wayne county, and is a brother of Messers Thomas and Robert Rankin of this country. Mrs. Rankin the mother of the child is a sister of Hon. Ben V. Smith one of the leading attorneys of Somerset.

### Popular Appointment.

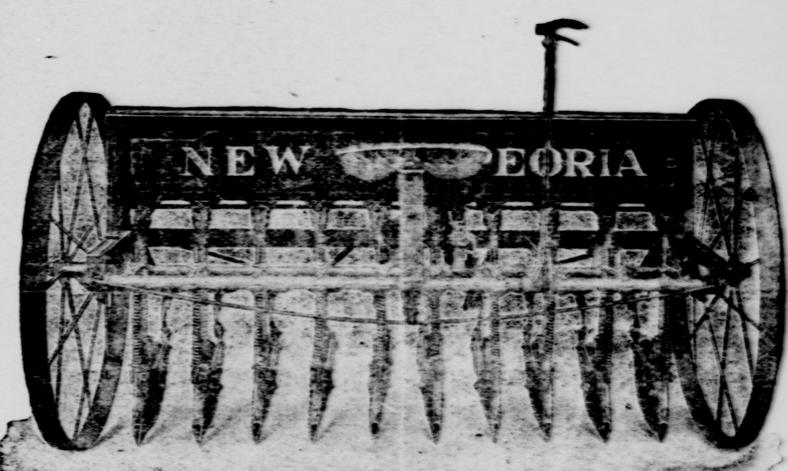

Judge Lewis L. Walker has announced that he will appoint Mr. F. G. Hurt, Jury Commissioner to succeed Mr. F. S. Hughes. Mr. Hurt is a very popular young republican and is thoroughly capable to attend to the duties of the office.

#### The Next General Assembly

(Kentucky State Journal.)

Many of the papers in the State have taken up the suggestion of the State Journal in warning the people to be careful in selecting their nominees for the next General Assembly. Some of them realize that, unless such care is exercised, we may have another such aggregation here in 1912 as we have had for the last two sessions, and that would be in the nature of a public calamity. Early nominations should be avoided and the people in every county or district should have ample opportunity to look over the candidates and pick out the best. Those interests and combinations which seek to control legislation as they have done in the last two sessions are actively at work, picking out their candidates and favoring their nominations, long in advance of the general election in the fall of 1911. They want pliable or corrupt men, such as they can easily control, and they want them nominated as early as possible, so that the people will be bound in their support of them, and have little or no chance to investigate and inspect them.

They are not working in the open, but secretly, vigilantly, and vigorously. They are leaving no stones unturned. Patronage and money will be freely used wherever possible, and if they succeed, the next General Assembly will be servilely dominated by the lobby just as it was in 1908 and 1910.

That lobby was so powerful in the last General Assembly that it well nigh succeeded in defeating the income tax amendment, favored by nine tenths of the people of Kentucky, and did succeed in throwing a cloud upon the manner of its adoption. It was powerful enough to influence all legislation. It was not a Democratic lobby nor a Republican lobby. It was a "bi-partisan lobby," in which the talents of both parties were combined. It cared little or nothing for party lines; for greed or graft are indifferent to parties, except to use them, and they can easily change their politics to suit the exigencies of the occasion. The legislative special agent, or agent, as a rule, is neither Democrat, Republican, Socialist, or of any other party, at heart. He is out for himself and is willing to sacrifice any political principle for his own gain.

Such is the class of men that seek to again control the General Assembly of Kentucky, dictate legislation, and manage the political affairs of both parties in the state. Unless the people heed the warning given them about the selection of their nominees, this element will succeed and again blight and disbar the proud and handsome Capitol of the State.

This warning goes not to Democrats alone, but to Republicans as well, for the center point of the country's population remains near Columbus, Ind. It is believed now that the cen-

we desire to see both parties put up their best men for office. It has been shown in recent disclosures, throughout the country, in municipal and legislative graft, that neither party has a monopoly of virtue or vice, and that the graftor may call himself either a Democrat or a Republican.

Let therefore, the best elements in both parties put forth their strongest efforts, to see that the next General Assembly shall be composed of men who will be guided alone by their sense of the public welfare, and who will not have to be told by the lobby or a legislative specialist how they should vote upon any question.

Let us have a Legislature once more like those of the "good old days", when the ablest and most honorable men in Kentucky esteemed it an honor to sit in the General Assembly, when the lobby, with all its baneful influences, was unborn, and when the mere intimation of corrupt conduct would have produced a sensation, shocking to the whole State. Let the two parties, at least, get together upon this proposition, and if we are to any kind of bi-partisanship, let it be the bi-partisanship of generous rivalry for honesty in the public service, and not the "bi-partisanship" of the corrupt and corrupting lobby.

#### To Parents.

You know that if you have a child between the age of seven and sixteen that you are obliged under the law, to send it to school regularly all the time during the whole school year. Children may be sent to a public, private, or parochial school, for a full term equal in length to the full term of the public school in the district in which the child resides. Any parent, guardian or any other person having the custody, control or supervision of any child embraced within the provisions of this act, who shall fail to comply with the provisions of this act, shall be deemed guilty of misdemeanor, and upon conviction thereof, shall be fined in any sum not exceeding twenty-five dollars for the first offense; and for any subsequent offense, upon a conviction thereof shall be fined in a sum not exceeding one hundred dollars, or by imprisonment in the county jail for a period not exceeding fifty days, or both fined and imprisoned, in the discretion of the court.

The above is published for the benefit of the children who bat around the streets in Lancaster and their parents do not compel them to attend school. In such cases, the officers should compel attendance.

#### Five Percent Alcohol.

The dope which has been sold in Richmond as "malt mead" was analyzed and found to contain five percent alcohol. A chemist will tell you that alcohol is antiseptic. It has the power of preserving and keeping. The naturalist uses it in preserving specimens. It is a preserver of vices. It preserves blasphemy, it preserves brutality, it preserves filth, it preserves malfeasance in office, it preserves every vice known to the calendar. It preserves unbelief.

Alcohol is a demon, brazen-faced and pitiless. He is fertile in arts and deceptions. With slow, and sometimes with quick, adroitness, he prepares the strands for the rope of the hangman. Addison says "Wine heightens indifference into love, love into jealousy and jealousy into madness. It often turns the good-natured man into an idiot, and the choleric into a demon assassin." Why let this demon live and widen his empire?"

We have heard quite a number of the young boys around town say "I would not go inside that Hop-joint for a \$100.00 bill." They have evidently seen what an undesirable crowd hangs around them in other towns.

The center point of the country's population remains near Columbus, Ind. It is believed now that the cen-

sus returns will show that there are about 95,000,000 people in the United States.

The law that makes attendance at school compulsory is a good one. To our shame, it is said that there are 245,000 native born adults in this State who can neither read or write.

Whatever be our political principles and party, this subject of temperance underlies all political policies and partisanship.

The hop joint has been opened up. Parents should keep their Boys at home after supper.

#### Little Things That Count.

A little drop of water poured into the milk gives the milkman's daughter lovely gowns of silk. Little grains of sugar mixed with the grocer's sand make the grocer's assets swell to beat the band. Little bowls of custard humble though they seem, help enrich the fellow selling pure ice cream. Little rocks and boulders, little chunks of slate, make the coal man's fortune something fierce and great. Little ads, well written, printed nice and neat, give the joyful merchant homes on Easy street.—Walt Mason in Farm and Ranch Review.

#### POSTMASTERS

Will Meet in Louisville, September 13th, 14th and 15th.

It has been decided by the Postmasters' Association, which includes Presidential offices, and the State League of Postmasters of Third and Fourth class offices, to hold a joint meeting this year in Louisville, Sept. 14th and 15. The League will meet at 2 o'clock p.m., on the 13th, for the purpose of transacting such business as pertains to League affairs only.

On the 14 and 15th the Association and League will hold a joint meeting for the purpose of discussing postal affairs.

There will be several representatives of the Post-office Department present to give instructions. The new Money Order and Registry System will be fully explained. Every Postmaster should attend as they will learn more than they would in years at home, and many things they never would learn otherwise.

#### Kentucky State Fair.

Next week will be a big one in Louisville. The fair will last all the week beginning Monday.

Wednesday, September 14th, will be one of the banner days. A reception in honor of Kentucky statesmen has been arranged for Wednesday evening and prominent men from every section of the Commonwealth have signified their intention of being present. Although "Kentucky Day" has been scheduled for the day following, the inauguration of the day for Kentucky statesmen exclusively is expected to mean two full days dedicated to the citizens of Kentucky generally.

Invitations have been sent out to members of the Legislature, the Kenauky delegation in Congress, State and county officials and others prominent in public life.

Entries in the horse show, which is to be repeated this year as a nightly feature of the Kentucky State Fair, including the most prominent show animals in America. Every class exhibited in the winter shows will be seen and the number of horses already entered indicates that the exhibition will prove a record breaker. The night horse show was first introduced at the Kentucky State Fair last year and made an instantaneous hit. The success of that occasion has caused the Fair management to devote extra energies to this feature of the big show this year and the attraction will be one well worth an over-night stay in the State metropolis. Excursion rates have been announced on all railroads covering State Fair week, which begins September 12 and closes September 17, round trip one fare plus 25 cents.

LOST: a black, white and tan, Setter Bitch, lame, with broken shoulder. Answers to the name of "Minnie". Reward if returned to me.

#### School Notes.

A good number of patrons, former pupils, and friends of the school were present at the opening Monday morning. Rev. Martin of Jellico, made an interesting and inspiring talk. Short speeches were made by Mr. S. D. Cochran and Rev. F. M. Tinder after Mr. Bridges outlined the work for the coming year. The first day attendance was the greatest for the past few years.

The chapel was crowded to overflowing, many having to stand after having packed the seats full with three and four pupils on each.

Miss Brashears' room has an enrollment of sixty one; Miss Anderson's fifty eight, Mrs. Donald's fifty, Miss Smith's thirty-six and the High School seventy.

With those who say they will enroll within the next two weeks the enrollment will exceed three hundred.

The High School work has been arranged to begin with the eighth grade and each of the High School teachers takes one department.

Miss Robinson has all of the English classes, Miss Mason takes the mathematics, to Miss Fleetwood has been assigned the department of History. Mr. Bridges teaches Latin and Science.

Extra efforts are being made to raise the standard of attendance this year. Each grade in which no pupil is tardy during the month will be given a half holiday. Every pupil was present on time Tuesday and Wednesday mornings and they all say they have solved to keep up this record.

The new music teacher, Miss Minnie Welsh, has a class of about fifteen. Besides her regular music class she will teach sight singing in all the grades, giving one or two periods a week to each grade.

Of last year's graduating class Miss Annie Margaret Elkin will pursue college work at Glendale, Ohio; Miss Frances Tudor will enter the Normal College at Richmond; Miss Martha Kavanaugh will go to Centenary College at Cleveland, Tenn., and Mr. Gus Dunn will become a student at University of Kentucky. Mr. John Gill Kinnaird who was a member of the same class the first half of the year will go to Miami University at Oxford Ohio.

The total number enrolled in the senior classes of the last three years has been thirty one, twenty five of whom were graduated and seventeen of this enrollment have become or soon will become students in higher institutions of learning.

#### WHEN HER BACK ACHES,

A Woman Finds All Her Energy and Ambition Slipping Away.

Lancaster women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Lancaster woman's words:

Mrs. J. W. Pumphrey, Danville St., Lancaster, Ky., says: "My experience with Doan's Kidney Pills leads me to say that they live up to the claims for them. I suffered a great deal from backache and at night could not sleep well. On several occasions my back became so painful and weak that I was unable to attend to my housework. Being advised to give Doan's Kidney Pills a trial, I did so, procuring a supply at Frisbie's Drug Store. They helped me from the first and I am grateful to them."

From the weary bed of pain This same question comes again; From the boy with sparkling eyes Bearing home his earliest prize; From the bronzed and bearded son, Perils past and honors won—

"Where's Mother?"

(By an unknown author.)

Bursting in from school or play, This is what the children say:

Trooping, crowding, big and small On the threshold, in the hall—

Joining in the constant cry, Ever as the days go by,

"Where's mother?"

From the weary bed of pain This same question comes again; From the boy with sparkling eyes Bearing home his earliest prize; From the bronzed and bearded son, Perils past and honors won—

"Where's mother?"

Burdened with a lonely task, One day we may vainly ask For the comfort of her face, For the rest of her embrace; Let us love her while we may. Well for us that we can say,

"Where's mother?"

Mother with untiring hands At the post of duty stands, Patient, seeking not her own, Anxious for the good alone Of the children as they cry, Ever as the days go by,

"Where's mother?"

To punish him ee'r he gets out?

What a hubbub they raise so that others afar

May know his condition and hence, Come running to join them in adding

One all his neighbors betake themselves hence

To punish him ee'r he gets out?

What a hubbub they raise so that others afar

May know his condition and hence, Come running to join them in adding

One all his neighbors betake themselves hence

To the pig that is fast in the fence.

Well, swine are not all the creatures that be,

Who find themselves sticking between the rails of the fence, and who strive to get free,

While the world is still shoving them in;

Who find that the favor they meet with depends,

Not on worth, but on dollars and cents And it is few that will prove themselves true

To the pig that is fast in the fence.

## On the next STUDEBAKER Wagon you pass on the road

Why aren't they split and cracked like the ordinary wagon? Because the ordinary wagon hub is made from oak, a wood that splits and cracks very easily, while

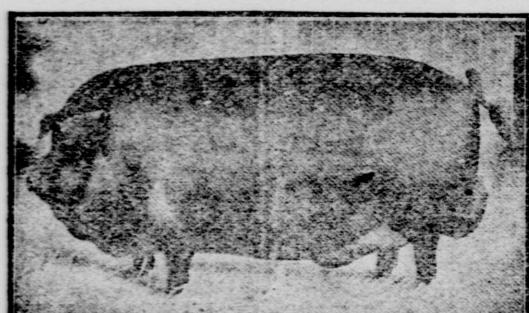

Hubs are made from Eastern Black Birch, a very springy, tough wood, chemically treated, with great weather resisting qualities.

Western birch is used by some manufacturers, but it is even poorer than oak. It is *british* and will not stand the strain.

Studebaker hubs cost more than any other hub on the market, but they are stronger and wear longer.

The little farms in Japan were farmed a thousand years before our fathers landed in America, and they are rich today on account of their skillful methods of handling them.

Japan is giving the world a few lessons on farming. She is raising enough on an acre with a radius of seventy-five miles to feed fifty millions of people.

### Important Facts.

Milk has a temperature of 98 degrees when it is drawn from the cow.

The average milk contains 3.7 per cent of butter fat.

The milk of a Jersey cow averages 5 per cent of butter fat.

The per cent of fat in butter is 83 to 88.

Cream should be churned at a temperature of 50 to 61 degrees.

In shallow pans cream will rise in twenty-four to thirty-six hours.

In deep setting vessels cream will rise in from twelve to twenty-four hours.

It usually takes from twenty to forty minutes to churn ripe cream, but it may often be done in fifteen minutes.

Cream will ripen in from eighteen to twenty-four hours.

### Don't Forget

That it costs just about as much to keep a poor cow as it does to keep a good one.

That a good cow often gives twice or three times as much milk as a poor one.

That each of our county and State benevolent institutions should run a model dairy.

That an educated trained and hustling dairy manager in charge of a good, large breed is better worth \$100 a month than an ignorant trifler at \$25 a month.

That a common cow brings only about 150 pounds of butter in one year.

That a well-bred carefully selected cow will produce 300 pounds of butter in one year.

That the dairy cow is man's best friend and will continue to be as long as the human family exists.

That cheap butter is a thing of the past and dairying is now one of the most profitable lines of agriculture.
